

Consent for use of photos and videos at Lund municipal high schools

Scope

If you give your consent to the school, your personal data, in the form of photos and/or videos, will be used by the school for the purpose of describing the school's activities in its various channels: the school's websites, social media and in its photo library.

The school may also use your personal data in order to register and document your consent. Personal data will not, however, be published together with photos or videos. The personal data that the school will use for this purpose are: your personal ID number, your first and last name, school and class.

The school's rights

The school has the right to edit and crop photos and/or videos to make them suitable for the intended use. The school is entitled to use the photos and/or videos freely, in the communication channels specified above, during an unlimited period of time or until you decide to withdraw your consent.

Photos and/or videos may not be sold to a third party. They may, however, be used by a third party working on behalf of the school, provided that there is compliance with GDPR.

Withdrawal of consent

Consent is valid until further notice. You are entitled to withdraw your consent at any time. Withdrawal of consent is done by filling out a separate form.
