

International School of Lund Katedralskolan – ISLK
MYP 5 Admission Policy for IB Diploma Programme at Katedralskolan
Year 2019 - 2020 - This will be revised on a two year cycle.

Requirements for MYP5 applicants

In order to advance to the Diploma Programme MYP5 students need to:

- Have gained a total grade of at least **36 points** from the eight IB MYP subject groups and the predicted personal project grade combined, out of possible maximum of 63. MYP5 students at ISLK now have the flexibility option for Design, Music or Arts, but this is still aligned to the requirements set forth and agreed upon. (See additional information below for overview of final student assessments).
- Have gained at least a **grade 3** in the different subjects
- In the subjects chosen for Higher Level at the Diploma Programme, a minimum of **grade 5** is strongly recommended
- Non Regular Diploma and/or a 7th subject are not recommended due to extra workload. For permission, please contact the DP principal or the DP coordinator.
- Additional considerations depending upon educational background with students that transfer. Decision is agreed upon by Principals of Katedralskolan and ISLK
